Sivaganga, India

OBJECTIVES

Motivated and detail-oriented front-end developer with a solid foundation in HTML, CSS, and JavaScript. Skilled in creating responsive, interactive, and user-friendly web interfaces. Adept at writing clean code, debugging issues, and ensuring cross-browser compatibility. Eager to contribute to dynamic projects and grow in a collaborative development environment.

SKILLS

Language: HTML 5, CSS, JavaScript, Bootstrap 5, WordPress, Mysql

Tools: Github, Visual Studio Code

PROJECT

PORTFOLIO

https://sridhar-pf.netlify.app

- Built a fully responsive portfolio website using HTML, CSS, and Bootstrap, ensuring seamless user experience across devices (mobile, tablet, and desktop).

- Implemented interactive elements with JavaScript, such as dynamic navigation, smooth scrolling, and responsive menus, enhancing usability and engagement.

- Designed a clean, modern, and visually appealing user interface by leveraging Bootstrap components and custom CSS for styling
